PROFILE

My name is Tata, a computer engineering student with a passion for learning and engaging in meaningful activities. I take pride in being a responsible and fast learner, always eager to tackle new challenges and grow.

EDUCATION

Triam Udom Suksa School

Chulalorngorn University
Computer Engineering And Digital Technology (CEDT)

EXPERIENCE

Backend Developer
- Friday Activity System
  - Designed and implemented web applications for CEDT students to register and participate in activities, using Node.js and PostgreSQL.
- MindLink
  - Building the web backend for a secure and efficient payment system and organization management.
- Automatic planting
  - Created an embedding server to facilitate data transfer between hardware and a web server, and developed a LINE webhook for messaging API integration.
- A2K
  - Developed Machine learning API using Python.

Intern - Cyber Security Consulting (ACIS)
- Gained valuable experience working with team and customers.
- Explored OWASP's initiatives for securing AI and machine learning systems, focusing on vulnerabilities and best practices.

EXTRACURRICULAR ACTIVITY

Academic Camp
- Head of Activity team in FE camp and Larngear camp
  - Planned and organized team workflows to maximize efficiency, collaboration, and overall effectiveness.
  - Effectively communicated with large team over 100 members and participants to ensure smooth execution of activities.
